Student:-

```java
class student
{
int id;
String name;
public static void main(String args[])
{
student s1 = new student();
System.out.println(s1.id);
System.out.println(s1.name);
}
}
```

Output:-

```
C:\Users\vijen\Desktop\java codes>javac student.java

C:\Users\vijen\Desktop\java codes>java student.java
0
null
```
